Sivani

Educator, instructional designer, and writer in Tokyo

Email: chatwithsivani@gmail.com • Design Portfolio: sivani.me • LinkedIn: linkedin.com/in/heysivani

Summary

5+ years in education working with adults and children (~3 years in classrooms, ~2 years designing instructional materials and curriculum). Corporate and academic English instructor. Taught coding and design to adult professionals transitioning careers (in-person and online). Values clarity and kindness.

Work Experience

› **Corporate English Teacher [part-time]** • **Nihongo Picnic, Tokyo** — AUG 2026 – PRESENT
- Teaching 1-1 and group English lessons to corporate B2B clients.

› **Product Designer** • **Code Chrysalis, Tokyo** — APR 2022 – JUL 2026
- Wrote and designed instructional materials to teach UI design and frontend (HTML/JS/CSS).
- Provided design mentorship to adult software engineering students looking to switch careers.
- Led UX research that resulted in higher quality B2B enterprise and B2C educational programs.

› **Engineering Instructor** • **Code Chrysalis, Tokyo** — FEB 2021 – MAR 2022
- Instructed students daily in a full-time advanced software engineering program for adults.
- Designed curriculum materials (tutorials, slide decks, code sandboxes) and reviewed GitHub PRs.

› **Programming Instructor** • **IT Kids, Tokyo** — JUN 2020 – SEP 2020
- Held daily classes for elementary and junior high school students to teach programming.
- Designed curriculum and led robotics workshops.

› **Programming, Arts, and Fitness Instructor** • **My Gym Japan, Tokyo** — MAY 2019 – APR 2020
- Led after-school English programs and taught English, coding, gymnastics, and art to kids.

› **English Teacher** • **AEON, Tokyo** — APR 2018 – APR 2019
- Taught adults and children full-time. Held parent-teacher meetings, counseled students one-on-one, graded homework, tracked student progress, and hosted events.

› **Educational Game Designer** • **Revolution Prep, Los Angeles** — JUN 2017 – FEB 2018
- Designed 250+ math games for an online elementary school tutoring program.
- Created feedback process for teachers and iterated to create optimal games for online classrooms.
- Facilitated daily collaboration among the art studio, writers, teachers, and curriculum developers.

› **Game Design Intern** • **codeSpark, Los Angeles** — SEP 2016 – MAY 2017
- Designed, developed, and shipped levels for The Foos, an app that teaches coding to kids.

Education

› **Game Design BA** • **University of Southern California, Los Angeles**

› **Advanced Software Engineering Program** • **Code Chrysalis, Tokyo** — SEP 2020 – DEC 2020

Projects

› **Writer** • **Solastalgia** • BLON Animation and Games Festival's Aware Award Nominee — 2022
